

Gentlemen:

As a user of XMRadio, I am opposed to NAB's petition 04-160. XMRadio is the only way that I can get satalite NEXRAD weather in my airplane at a reasonable price. This does not include the other equipment that I purchased to assist in receiving the signal that will become useless if they are not allow to continue. Therefore, I urge you to stand up for our first amendment rights and reject this petition.
